

1. Shut off power before installation.
2. Fix the mounting strap to ceiling.
3. Attach light arms to the bottom part and tighten with metal nuts.
4. Insert light arms with wires into top part and fix with metal nuts.
5. Connect main wires to wires in the same color. Close the top part by screwing the top finial tightly.
6. Attach the chain to the top loop.
7. Feed the main wires through the connector, canopy and connecting rod. Connect the main wires to the corresponding wires in ceiling.
8. Screw the connector onto the connecting rod to attach the canopy to the mounting strap.
9. Hang the chain with the whole light fixture to the connector.
10. Screw in light bulbs (not included with the light fixture) and turn on the power.
