

1. Shut off power before installation.
2. Fix the mounting strap to ceiling.
3. Screw the pipe with male fitting into the cross connector. Then, wrap cords around the pipe.
4. Feed the main wire through the centre pipe and canopy.
5. Fix the centre pipe into the cross connector and canopy.
6. Connect the wires with wire connectors to the corresponding wires in ceiling.
7. Attach the canopy to the mounting strap and fix with cap nuts.
8. Screw in light bulbs (not included with the light fixture) and turn on the power.
